Type of Comment	Objection
Comments	I object to the building of an incinerator. My understanding is that such a system would be particularly harmful to the environment so I do not see how it would fit in to our countrys need to reduce harmful emissions. Also I think it would dissuade people from recycling so much (since it would be burnt anyway). I think it would be better to put more money into a sustainable recycling facilities instead of shipping our recycling overseas where I understand it is often not dealth with properly.
