Comn	nent for planning application wSCC/011/21
Application number	WSCC/011/21
Name	Richard Esling
Address	MALTRAVERS STREET, 55, MALTRAVERS STREET, ARUNDEL, BN18 9BQ
Type of Comment	Objection
Comments	I object in the strongest possible terms to this planning application on several grounds. Firstly, it would be a complete blot on the beautiful West Sussex landscape, spoiling the view for residents and tourists for miles around. This would adversely impact the economy of the local region as it would be made less attractive to visitors. Secondly, the road infrastructure in the vicinity is insufficient to support the large number of HGVs which would be serving the facility. Both the A27 and the A259 are already extremely congested and there would be an adverse impact on traffic, potential increase in accidents and disruption for both local residents and tourists. Thirdly, the type of incinerator envisaged would have an adverse impact on the environment and would only serve to increase global warming rather than helping to reduce it.
