## Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 William Barnes
Address	CHARLOTTE AVENUE, 8, CHARLOTTE AVENUE, CHICHESTER, PO19 6DU
Type of Comment	Objection
Comments	I strongly object to this planning application because of the following reasons: 1. Visual Impact of a 13 Storey high building & two 28 Storey towers and its affect on the South Downs National Park, Scheduled Ancient Monuments, Grade 1 listed buildings & Sites of Special Scientific Interest. 2. New Houses OR INCINERATOR - they are NOT COMPATIBLE. The Arun DC new Settlement of a primary school with Village Center and 1,500 houses has already been supported by a local referendum. 3. No Need for More INCINERATORS & they HARM RECYCLING. Existing and further incineration facilities meet current needs and is a barrier to the circular economy (recycling). 4. NOT GREEN ENERGY - Harms Air Quality: Incineration is one of the worst ways of generating energy because of its effect on CLIMATE CHANGE. The emissions are harmful to human health and the natural environment. NOT enough monitoring, NOT enough enforcement and NOT enough transparency. 5. BIG LORRIES on local Roads: The local roads CANNOT cope with the size and weight of the HGV movements proposed.
