## Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Idina Waugh
Address	BOND STREET, 21, BOND STREET, ARUNDEL, BN18 9BL
Type of Comment	Objection
Comments	Visually it would mar one of the most marvellous views. The air quality emitted would be harmful to both humans and the environment. It would jeopardise the building of new homes, and affect those already built and living in the area. West Sussex already has sufficient incineration sites to manage this way of dealing with waste and it would be wrong to encourage more rather than recycling. The roads would be even more overladen.
