Comments	Please stop the build of this proposed rubbish incinerator. It will destroy this stunning setting of Arundel and the South Downs National Park. We can't take any more HGV in this area, we are already struggling on our local roads, The visual impact would be seen for miles. We have no local need for this incinerator. It's not green energy and this will harm are environment emitting harmful toxins. Please don't do this. I moved here 20 years again to the pretty village of Yapton. Sadly this is already not the case, its been sold for building construction, now this, when will you STOP
