Comments	This development will be a hideous intrusion on the landscape of this area. It is an area of Outstanding Natural Beauty and this development would ruin the look and feel of the beauty of the place and what is trying to be preserved. The amount of large vehicle movement along the Ford Road would be quite unacceptable and would cause very long delays with a bottleneck outside Penfolds Place, Kirdford Road and along to the roundabout already causing problems. There would also be an increase of pollution in a residential area, when the aim of the government is to reduce levels of harmful emissions and improve air quality.
