## Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Richard Fuller
Address	BATTIN LANE, 20, BATTIN LANE, LITTLEHAMPTON, BN17 7AZ
Type of Comment	Objection
Comments	I object for many reasons; the visual impact within the South Downs national park and other surrounding towns and villages. The significant number of vehicles this will add to the local roads increasing local pollution, traffic problems, damage to road surfaces and nearby property, noise and increasing the risk to other road users and pedestrians. The increase in noise created by the operation of the incinerator; which will be particularly noticeable at quite times of the day. The emissions and odour that the incinerator will generate increasing the risk of health issues to the local community. There will also be similar and significant impacts during the construction of the incinerator. Please do not allow this horrible piece of infrastructure to be built in Ford.
