Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Chris Lake
Address	32 Jarvis Road Arundel W Sussex
Type of Comment	Objection
Comments	We already suffer the smell from the sewage plant at Ford and I've lived in Arundel for 50 years we will protest most strongly to this facility we feel it will negatively impact the enjoyment of our home and garden and our health not to mention the vehicular disruption it will bring to an over strained traffic system. These are some of the reasons for our objection to this facility being built at the planned location.
