Comment for planning application wSCC/011/21	
Application number	WSCC/011/21
Name	Sue Wilkinson
Address	38A, NORTH LANE, NORTH LANE, LITTLEHAMPTON, BN16 1HW
Type of Comment	Objection
Comments	The development of this incinerator on top of hundreds of houses is reckless in the extreme. A small village will not only be overloaded with a huge increase in traffic due to property development you are proposing to add an even bigger polluter. This area is going to be affected by the road changes proposed for Arundel, a beautiful part of the South Downs, and you will be destroying even more of the environment by introducing such a monstrosity to Ford, which is a stones throw from this historic town. I cannot imagine why anyone would want to buy property in this area and have to live with potentially health affecting pollution. The ugliness of such a building, the constant lorries in and out, the devaluation of existing properties all brings shame to West Sussex. This is such a beautiful area and you are destroying it.
