Comn	nent for planning application WSCC/011/21
Application number	WSCC/011/21
Name	Diana Pitts
Address	SANDPITS COTTAGE, WOODHORN LANE, WOODHORN LANE, CHICHESTER, PO20 2BU
Type of Comment	Objection
Comments	This huge building and the visible smoke from the towers will have a negative effect on the whole area. It will be a huge visible eyesore set in so far the only undeveloped stretch of coastline in the area. I understand that incineration is the most polluting form of energy production and much worse than even coal. The existing permission on the site for a much smaller and more advanced technology plant would not have the impact that this proposal has.
