Comment for planning application wscc/011/21	
Application number	WSCC/011/21
Name	J TUBB
Address	MIDDLETON ROAD, 175, MIDDLETON ROAD, BOGNOR REGIS, PO22 6DF
Type of Comment	Objection
Comments	I don't believe this new incinerator is in the best interests of the local community, in that there will be a very heavy increase in the numbers of large heavy goods vehicles using the local roads. At this time the roads can hardly cope with the current number of vehicles using them. With the proposed increase in the number of HGV's the roads will suffer even more quickly than they are at the moment, with repairs not being carried out within a reasonable time frame. As the site is also being proposed for a "new settlement" the effect of this incinerator on this proposal would be devastating, in that it will be a total eyesore, the emissions will be harmful to all who live within the area of the incinerator.
