| Comments                                     | I wish to register my objection to this planning application on both health and visual grounds. I am very concerned that emissions might adversely affect the health of Arundel and surrounding village residents and I feel sure that it will be a real 'blot on the landscape' with the chimney visible for miles around. |
