Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	Ronald Woodruff
Address	THE VICARAGE, ARUNDEL, BN18 9RJ
Type of Comment	Objection
Comments	I object to this application in the grounds of it's increase in lorry traffic. Our roads are (a) already congested and (b) extra heavy traffic will not only cause more pollution but do more damage to the road surfaces, and they are in a poor enough state already. A 13 storey building will be a complete eyesore, visible from many miles away, ruining the view of the coastline and the view from the Downs heading south as well as a view of our beautiful Downs looking north from the coast. It will be pumping noxious pollution into the atmosphere which will affect the whole area for miles around, to say nothing of the health hazard and effect on the nearby residents of Ford, Climping, Barnham, Littlehampton, Arundel, Walberton, Middleton on Sea, Felpham, Bognor Regis, etc, etc, depending on the wind direction. It makes a complete mockery of this government's leadership on climate change, especially in view of the forthcoming COP26 Climate Change Conference which is being held in Glasgow under the presidency of the U.K.
