Comn	nent for planning application WSCC/011/21
Application number	WSCC/011/21
Name	Val Belton
Address	BACKWOODS, ARUNDEL, BN18 9RQ
Type of Comment	Objection
Comments	The proposed location of this incinerator is completely inappropriate. The Arundel end of Ford Road is already a nightmare to negotiate, given the number of parked cars, and the last thing needed is more HGVs. In addition, more housing development is proposed at both ends of Ford Road, thus increasing the traffic. The new incinerator scheme would greatly diminish the quality of air and life in this very special part of the Arun Valley. Therefore I STRONGLY OBJECT.
