Comm	ient for plaining application wscc/011/21
Application number	WSCC/011/21
Name	Tim Page
Address	FLAT 5, HOLMLEA, CHURCH ROAD, CHURCH ROAD, ARUNDEL, BN18 0EN
Type of Comment	Objection
Comments	I wish to register my objection to the planning application for the following reasons. 1. The visual impact of the building in a predominately rural area, and in particular the height of the chimney stack. 2. Environmental impact on air quality, with emissions which are harmful to human health and the natural environment. 3. Additional congestion and further worsening of already poor road surfaces and networks. Both approach roads to the site have to cross a railway line at either Ford or Yapton. Both sets of railways gates already have long delays causing additional pollution from car and lorry exhausts, and increased frustration for local residents who need to travel in and out of the Ford and Yapton villages.
