Type of Comment	Objection
Comments	I strongly object to building of the Arun Rubbish Incinerator for the following reasons: * this is not green energy that will be incinerated and can produce emissions that can be harmful * the local roads would not be able to sustain the size and weight of HGVs to and from the site * Arundel is not the ideal setting for such a structure or the South Downs National Park as this building and it's chimney would be visible from a long way
