Type of Comment	Objection
Comments	The proposed waste incinerator will totally ruin the area due to increased traffic, air quality, local beauty. This would be a eyesore in the year of Arun which will attract more large vehicles in and around already conjested roads. Even with the new A27 bypass this will impact the whole of the Arun area. The Ford Road already is overly busy will lorries close to houses. No green air solution is proposed here. This site could be used for more housing, public services and to be in line with making our area more eco friendly. If this planning goes ahead it will have an impact on human lives, animals and our countryside for generations to come. Please do not pass this monstrosity,
