Comments	I object to this application on the following grounds: 1. It will have a massive visual impact across a wide area. 2. This a key site for new homes and schools supported by a referendum which does not fit with this proposal. 3. There is no need for another site I n West Sussex. 4. It will have a major environmental impact and does not fit with our need focus on climate change. It will produce emissions which are harmful to the natural environment and the local population. 5. The additional number of large vehicles on local roads which already cannot cope with traffic.
