Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Jean Buck
Address	4 Dukes Barns Blakehurst Warningcamp Arundel.
Type of Comment	Comment
Comments	I object to this project for a number of reasons. Firstly it is not good for air quality, isnt a green energy project and the emissions of dioxins, NOx and ultra fine particulate matter is known to be harmful to human health as well as the environment. We should be looking at better ways to deal with our recycling. The pollution caused by the deliveries on local roads cannot cope and will add to the pollution. The land could be better used for local housing and schools much needed in the area. This would also add to the local economy and help maintain the community and local businesses at a time when it is most needed. Finally the building project would be a complete eyesore in an area of stunning beauty. This should be respected and protected.
