Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Robert Bates
Address	14 HALL COTTAGES, BARNHAM ROAD, BARNHAM ROAD, CHICHESTER, PO20 3RS
Type of Comment	Objection
Comments	I object to this application. The location is inappropriate for this type of facility given that it is currently a semi-rural village and there are plans for hundreds of new build homes within immediate proximity. The current road infrastructure in the area is not designed to manage the projected additional HGV and other traffic. The facility is entirely out of keeping with the wider natural environment and will threaten if not destroy the sight lines from Arundel and the South Downs National Park. An alternative brown site location would make much more sense. I object also to the risk to health of incinerating unknown materials at a site where the prevailing wind direction takes the resulting plumes over farmland and inhabited areas (including established rural communities and extensive urban extensions and new builds).
