Collin	ient for planning application wscc/off/21
Application number	WSCC/011/21
Name	bob Hawkes
Address	MIDDLETON ROAD, 104, MIDDLETON ROAD, BOGNOR REGIS, PO22 6DL
Type of Comment	Objection
Comments	I object to this application on the following grounds, 1. Given the local infrastructure at present the increased heavy traffic caused by this facility would caused undue congestion on already overloaded roads. The HGV type vehicles are to large and to heavy. 2. The size of this facility is such that out side waste will be brought up bro the area which is both unwanted and unnecessary. 3. Given the quantity of new housing currently just built, being built and planned to be built, a facility such as the proposed faculty is totally unacceptable to be in such close proximity to these houses, given the large number of small children living in these houses. For the above reasons I strongly object, and ask that this application be rejected Yours sincerely Bob Hawkes
