Type of Comment	Objection
Comments	I object to the incinerator for the following reasons. Incineration is highly polluting and will affect air quality and as add to the greenhouse effect. I am very worried about the effect on humans and animals of the dangerous particles that will be produced.Emphasis should be put on recycling not burning of disposed material. The roads in and around Yapton are not suitable for large vehicles. The visual impact of this monster sized building will be very detrimental to the area. My understanding is that West Sussex already has adequate incinerating capacity and therefore this is not necessary.
