Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	G Kemp
Address	ALLEYNE WAY, 30, ALLEYNE WAY, BOGNOR REGIS, PO22 6JZ
Type of Comment	Objection
Comments	I wish to object to the proposed construction of an incinerator on the basis of the effect it will have on the local road network as at present it cannot handle the normal day to day traffic. This unit would be used by vehicles coming from other locations, not just local. Having spent time working in a similar environment I feel concerned about the pollution aspect of having local fallout from the plant. It will also impact on the area with regard to the South Downs, by being out of character the local landscape
