Comments	The impact of this awful building will blot the landscape for miles around. The potential of harming the air quality for all who live within its wrath, causing health problems for all who live locally? I question why this is even allowed in a built up area that is constantly growing. This is not green energy. I have to use this road daily to take my daughter to school, even now run off the road by lorries who take over the road, driving at stupid speed's! There will be multiple accidents, the roads cannot sustain an onslaught of large HGV's.
