Comment for planning application wSCC/011/21	
Application number	WSCC/011/21
Name	Duncan Wright
Address	TACKLEE ROAD, 18, TACKLEE ROAD, ARUNDEL, BN18 0HB
Type of Comment	Comment
Comments	I would like to object to this application. Firstly the road infrastructure is not sufficient to cope with the massive increase of lorries, especially with tailbacks already occurring when the Ford level crossing is down. The access roundabouts from the A259 are too small, as are the alternative access roads, and the access from the A27 is also down narrow roads. The size of the building, and especially its chimney, is also ridiculous for the flat location, as it will be clearly visible from the South Downs National Park and AONB, as well as towering over the local landscape and villages of Yapton, Clymping and Ford. The disruption to people's lives and home environment cause by the increased traffic, vehicular noise and fumes will be considerable and permanent. In summary, this proposed building is in the wrong place and the negative repercussions it will have in terms of increased traffic, noise, pollution, and visibility mean that the application should be rejected.
