Type of Comment	Objection
Comments	I believe the effect to the historic features of Arundel and the views from the South Downs National Park will be blighted and damaged forever. Please see the link below: https://www.littlehamptongazette.co.uk/webimg/T0FLMTI0NjgwNDQy.jpg?&width=640 I also believe the site is unnecessary and the government's drive to reduce and bring all greenhouse gas emissions to net zero by 2050 would be much diminished.
