Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Heather Brayshaw
Address	UPPER BRIGHTON ROAD, 58, UPPER BRIGHTON ROAD, WORTHING, BN14 9HT
Type of Comment	Objection
Comments	I wish to object to this huge facility which will spoil the stunning views of the South Downs National Park, Ancient Monuments and Grade 1 listed buildings. The toxic emmisisions will affect the health and wellbeing of everyone who lives and works nearby. It is not a source of Green Energy, so will add to the problems of Climate Change. The roads cannot cope with the existing traffic, so another few hundred HGV lorries will make the roads un-navigable. This facility will destroy our increasingly good recycling targets, burning is not the answer. Statistics prove that waste-to-energy incineration is a very high carbon source of energy.
