Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	Glenis Mould
Address	77 Shannon Road Stubbington Fareham
Type of Comment	Objection
Comments	Visual impact. 13 storey building blocking the views if the natural South Downs, ancient monuments no respect for sites of special scientific interest. The incinerator will create a barrier to the circular economy recycling. There is note ough monitoring regarding the emissions, which are already known to have an effect on climate change. Stop polluting our world. STOP this incinerator
