Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Mrs Kim Parry
Address	ST. MARYS MEADOW, 25, ST. MARYS MEADOW, ARUNDEL, BN18 0EE
Type of Comment	Objection
Comments	I am objecting to this proposed incinerator at Ford, as it is TOTALLY inappropriate for this area. Other than the fact it is NOT GREEN, will effect our commitment to RECYCLING and will effect CLIMATE CHANGE, our air quality will be poorer, and as an asthma sufferer, this worries me immensely. Our roadS CANNOT COPE with the increased lorry traffic (again a air quality problem, let alone the condition of our already VERY POOR roads). We already have a commitment to 150 new houses (plus) and the traffic that this is bringing via lorries is already a problem. Once these houses are built the increased use of vehicles (2 per household is a minimum) our roads will be constantly congested, more traffic in our village and surrounding area, is TOTALLY UNACCEPTABLE. The VISUAL impact of such a site in our beautiful local landscape, is truly disturbing. WE HAVE NO NEED for more local incineration, this already being met by our current facilities. I STRONGLY OBJECT TO THIS APPLICATION!!
