Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	Jeanette Barsdell
Address	GRAND AVENUE, 100, GRAND AVENUE, WORTHING, BN11 5BH
Type of Comment	Objection
Comments	Please do not agree to the incinerator on the grounds of environmental impact. It is not green energy, it harms the air quality and produces more CO2 than coal and oil generated electricity combined. Emissions include dioxins, NO2 and ultra fine particulate matter which is harmful to humans and the natural environment. This is not the time to be creating more pollutants
