Comments	I object to this planned proposal. Due to the destruction it will cause to our natural landscape. Considering that we have already had to lose our beautiful landscape to the 1,000 new houses in our local area. Not only is the traffic bad enough due to these developments. They will only worsen with massive lorries going to and from this incinerator. On top of that the air pollution they will both cause I don't approve with having something as big as an eyesore as an incinerator near my home. It's simply unacceptable given how much has gone on in our little local area. I do not approve in these plans in the slightest
