Comn	nent for planning application wscc/011/21
Application number	WSCC/011/21
Name	Gail Lannin
Address	HOLLY ROAD, 2, HOLLY ROAD, HAYWARDS HEATH, RH16 3NF
Type of Comment	Objection
Comments	WSCC should be concentrating efforts into greater recycling, not burning waste, creating tons of toxic air pollution. This will be a blot on the landscape in an area of national park. The local infrastructure will not support hundreds of HGV waste vehicles to and from the plant. More efficient and environmentally friendly methods must be found for dealing with waste. This plant is a step backwards in waste management and is not a green solution. I object to this application. Gail Lannin 2 Holly Rd, Haywards Heath, RH16 3NF
