Comm	ient for planning application wscc/011/21
Application number	WSCC/011/21
Name	Mike Croker
Address	HIGH BEECH, MAUDLYN PARK, MAUDLYN PARK, STEYNING, BN44 3PS
Type of Comment	Objection
Comments	I object to this application on the following grounds: 1) due to the emissions constraints, it is a poor use of the waste stream ie energy out has a high CO2 footprint 2) it risks redirecting the need to recycle more of the current residual waste stream into providing feedstock to enable continuous operation of the EfW facility 3) if it's going to take residual waste from Hampshire, East Sussex and Surrey (!) then it's in the wrong place 4) given the predominant westerly air flow, combined with the trapping effect of the South Downs, harmful airborne exhaust pollutants (no treatment system works 100%, especially after a few year's use) will be released over Arundel, and the coastal town of Worthing and Shoreham-by-Sea
