Comm	ient for planning application wscc/011/21
Application number	WSCC/011/21
Name	Alison Rudling
Address	THERFIELD, YAPTON LANE, YAPTON LANE, ARUNDEL, BN18 0AR
Type of Comment	Objection
Comments	My objection is one of increased commercial traffic on our local roads, most of which were never intended for the heavy use and consequent damage they already suffer. eg Yapton Lane, continually has broken drain covers, potholes, which are a danger to all traffic. These are narrow rural lanes, as their names suggest, and totally unsuitable. What about the emissions from the plant, and the effect on local inhabitant's health. What about the smell? Aesthetically it's going to be a blight on a beautiful area, but very sadly no-one seems to care any more. Alison Rudling
