Collin	ient for planning application wscc/011/21
Application number	WSCC/011/21
Name	Fiona Howard
Address	2 Atherington Cottages, Climping Street, Climping, West Sussex, BN175RN
Type of Comment	Objection
Comments	I would like to strongly object to this incinerator being built on these grounds: * The small local roads are completely unsuitable for 240 HGV journeys per day. We live in Climping and are behind these enormous lorries on every journey we make. There are too many and they are far too big for our small, local lanes and roads. They clog up the roads and cause breakdown of the road surfaces. Our local roads were never built to take such enormous lorries. * West Sussex does not need this incinerator, incinerators reduce recycling and inhibit the circular economy. If West Sussex really cared about the environment it would be pushing to reduce the amount of rubbish which needs to be incineratedReduce plastic packaging and fine companies which use it. Revert to paper and cardboard packaging. * The energy produced is not green. Incinerators are massive emitters of CO2.
