Comment for planning application wscc/011/21	
Application number	WSCC/011/21
Name	Felicity Tanous
Address	1 Hassocks Close
Type of Comment	Objection
Comments	I object to the proposed incinerator because it will: - detract from, and diminish, recycling efforts and targets - add to air, light and noise pollution - add to climate change and reduce efforts to achieve net zero emissions by 2035 - severely impact views of the South Downs National Park with its looming building and tall towers as well as and the historic town of Arundel - will cause wear and tear on inappropriate local roads with heavy industrial traffic to and fro the site - be detrimental to the character of the peaceful Arun Valley - cause possible adverse health effects by emitting dioxins and particulate matter - be detrimental to wildlife, which is in serious decline, from noisy construction and continuous vehicular traffic (State of Nature reports, 2013, 2016 & 2019, The Wildlife Trusts - detract from efforts to implement clean, renewable energy
