Application number	WSCC/011/21
Name	Andrew Lark
Address	CHURCH LANE, 250, CHURCH LANE, LITTLEHAMPTON, BN17 7QJ
Type of Comment	Objection
Comments	Visual Impact of an 85m structure in the Arun Valley will destroy scenic beauty of the surrounding area. Very close to the South Downs National Park Proximity too close to existing and planned homes Local Roads are unsuitable for 240 HGV journeys per day West Sussex does not need this incinerator Incinerators reduce recycling and will inhibit the circular economy The energy produced is not green. Incinerators are massive emitters of CO2
