Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	Jenny B Morris
Address	39 Brooks Lane, Bosham
Type of Comment	Objection
Comments	This development is going to produce unacceptable pollution, to the air, from noise and light, in a sensitive environment. Further the Council should be focusing on developing other means of disposing of waste, by increase of recycling and alternative ways that do not include incineration. The design of the building proposed will be a blight on the visual amenity of the area and the increase in traffic especially from heavy vehicles will cause damage as well as further pollution. Once again the Council, despite having declared a climate emergency is now embarking on yet another project that will only contribute to further environmental destruction.
