Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Fiona Tu
Address	ORCHARD HOUSE, FORD LANE, FORD LANE, ARUNDEL, BN18 0DE
Type of Comment	Objection
Comments	I strongly object to this application for the following reasons Visual Impact of an 85m structure in the Arun Valley, close to the South Downs National Park Proximity to existing and planned homes Local Roads are unsuitable for 240 HGV journeys per day West Sussex does not need this incinerator Incinerators reduce recycling and will inhibit the circular economy The energy produced is not green. Incinerators are massive emitters of CO2 The UK and West Sussex County Council have set ambitious "Net Zero" carbon targets. Building Energy from Waste plants (the new name for incinerators) goes completely in the other direction, increasing CO2 emissions. WSCC should be helping residents reduce waste. It should also ensure that all materials collected for recycling are recycled and not burnt in incinerators. Please refuse this application.
