

# Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Stephen Carleymith
Address	BULKINGTON AVENUE, 25, BULKINGTON AVENUE, WORTHING, BN14 7HH
Type of Comment	Objection
Comments	I object on the grounds that this is an undesirable and polluting technology which goes against the move towards a sustainable way of dealing with waste. Burning plastic produces toxic gases and harmful particles which cannot be effectively removed from the products of combustion.
