Comment for planning application wSCC/011/21	
Application number	WSCC/011/21
Name	Robert Slatter
Address	JERVIS AVENUE, 14, JERVIS AVENUE, LITTLEHAMPTON, BN16 2AU
Type of Comment	Objection
Comments	This facility is planned to be far too close to housing in Clumping, Ford and Yapton. The access to this site is a narrow single carriageway unclassified road . The local roads cannot cope with the existing traffic let alone the additional usage from the new housing as well as the additional 240 to 440 lorries a day . These extra lorries will bring noise 24-hours a day day along with the pollution they produce . With housing being so close by the admissions are a real concern as it will create noxious fumes which will affect the health of local people . Our grandchildren will be growing up with all this additional pollution on their doorstep . There are much cleaner ways to create energy . It is not needed to deal with waste from West Sussex in fact the waste will be imported into the county for disposal . The site will also have a huge impact on the views for miles around including from the South downs National Park and the historic town of Arundel
