

FURTHER. THE ROADS ARE NOT WIDE ENOUGH TO COPE ESPECIALLY  
AS FURTHER <sup>NEW</sup> HOUSINGS IN THE SURROUNDING VILLAGES WILL  
CREATE MORE TRAFFIC.

# INCINERATOR

## FORD AIR FIELD

### SIGHTS, SOUNDS AND SMELLS

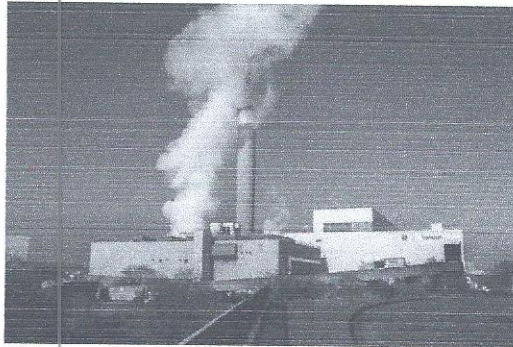

- Noise
- Smells
- Litter
- Increased Vehicle Traffic
- Air Pollution

### AIR POLLUTION

Up until now incinerator emissions have been limited by EU standards, which the industry and the UK government has looked to weaken. From next year they will be decided domestically.

### HOUSE PRICES

Are you concerned about how this proposed incinerator and it's negative effects might affect house prices?

- Are you against the proposed building of the incinerator on Ford Airfield?
- The building will be seen from many of our properties!

Due to my situation (being Deaf and other disability challenges), our newly re-elected Councillor will be visiting me at my house on Thursday 13<sup>th</sup> of May, in the afternoon.

If you are against this, please write your name, house number and any comments you have and pop this back through my door at number 8, today or before noon on Thursday 13<sup>th</sup> of May.

Thank you!

WE ARE AGAINST THE PROPOSAL TO THE BUILDING OF THE  
INCINERATOR ON FORD AIRFIELD. THE BUILDING WILL BE  
UNSIGHTLY, PRODUCE INCREASE AIR POLLUTION. THE  
ADDITIONAL HEAVY TRAFFIC WILL DAMAGE THE ROADS
