Ref WSCC/011/21

I'd like to object to the proposed planning permission ref above.

Incinerators and new housing (schools etc) do not mix.

Visually this is looking huge!

Do we need another incinerator

Having waste delivered here from all over, from outside our area.

The local roads will not cope with the heavy lorries nor the volume. Up to 350 a day!

There much better ways to produce energy.

We should not be burning rubbish but recycling it.

There is already a large incinerator in Horsham which is more than capable of taking WSCC rubbish

It is using up a brownfield site which is suitable for 1500 houses.
