Subject: Application Number WSCC/011/21
Date: 24 April 2021 08:30:06

Dear Sir/Madam

I refer to the above mentioned application and would like to state that Grundon is a trustworthy British Company that has been in operation and successfully run by the same family for over 90 years. They are committed to protecting the local and global environment through responsible and effective management, minimising any negative impact and maximising opportunities to enhance the local environment in which they operate. They comply with all relevant legislation, guidance and best practices to ensure they minimise the impact on the environment and conserve natural resources. Our waste needs to be handled by a responsible waste management company that we can trust. Grundon is that company and I am happy to support this new application.

I feel very strongly regarding this as I ran an office and obtained ISO14001 and spent countless hours proving that Grundon had the smallest carbon footprint and as mentioned above are committed, also with their own ISO14001.

Kind regards

Rebecca Maclaran
