Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Paul Bentham
Address	1a Shipton Rd, Milton under Wychwood, Chipping Norton.
Type of Comment	Support
Comments	Having worked in the waste industry for the last 14 years it has become very difficult to dispose of General waste environmentally friendly, with landfill sites becoming a thing of the past and with us humans still creating loads of waste. We need facilities like this energy from waste plant to be built and operated to the highest standards, which I am sure that the Grundon/Viridor partnership will do. It will also divert waste from landfill which will be good for the environment. There is also good job opportunities with the construction industry need and then also the on-going jobs that will be created to operate the site. on completion. When operational it will also reduce the waste miles travelled by vehicles.
