

# Comment for planning application WSCC/011/21

Application number	<input type="text" value="WSCC/011/21"/>
Name	<input type="text" value="Stephanie Moores"/>
Address	<input type="text" value="GOODHEW CLOSE, 30, GOODHEW CLOSE, ARUNDEL, BN18 0JA"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I object to this application for the following reasons:</p> <p>Increased traffic along the main roads into and out of Yapton. I was recently forced into a verge by a large industrial lorry coming round the bend on Yapton road. The infrastructure is not built for such large vehicles and the issues with traffic will only get worse, and cause accidents.</p> <p>Air quality will be nil. We are already dealing with dust from house building so the fumes and dust from a concrete crushing plant will be unbearable.</p> <p>Our area is a quiet neighbourhood. Noise will increase with traffic and the actual mechanics of the plant.</p> <p>This type of facility is not something that should be built in a residential area.</p>
