Objection

We have already expressed our absolute feeling that this is the wrong way forward for an application of this type of commercial business in this area !! We have already had two years of non stop building of houses in the area with many more to come and the traffic and safety issues alone with this application are absurd ...in such a built up area of housing ?? Why is this even being asked again?? Please stop polluting this place and move this project somewhere more suitable!! This was a beautiful village ...we are struggling enough to entertain the amount of housing happening ? The local crime rate is rising ...the local infrastructure cannot cope with what is already agreed to be built without this huge industrial operation?? Just look around and find somewhere that won't hurt the way of life in what's supposed to be a village area??
