Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="Having read the amendments, my views have not changed from my objection letter dated 12/5/2021. The council should not waste any further time discussing this obscene project and refuse it and any further amendments. It is BAD for the Environment and nature, local roads and infrastructure, residents, visitors to the area, health of local and visiting population. Its always going to be a NO!! Do what the local and visiting population wants..... REFUSE THIS DEVELOPMENT!!"/>
