

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Michael Knights"/>
Address	<input type="text" value="SPRINGSIDE FARM, TISMANS COMMON, TISMANS COMMON, HORSHAM, RH12 3DU"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>Regards the further representations by the applicants I would like to add the following further comments.</p> <p>I remain strongly opposed to this application.</p> <p>I feel that the applicants have failed to demonstrate any real present (or indeed potential) demand for this clay that would not involve transport over considerable distances nor have they shown why the WSCC minerals plan should be contravened in their case.</p> <p>As before there are more questions than answers relating to the loss of amenity that would be caused to users of the local footpaths and any measures to ensure their safety.</p> <p>The further submissions in no way demonstrate how the adverse effects on the local community would be mitigated such as noise, pollution, traffic movements and we seem to be simply expected to accept these things so that the applicants can exploit the site.</p> <p>The ecology and wildlife implications of these proposals remain deeply worrying.</p>
