

Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Marie Izzard
Address	1 JUBILEE VILLAS, GUILDFORD ROAD, GUILDFORD ROAD, BILLINGSHURST, RH14 0SB
Type of Comment	Objection
Comments	<p>As a local resident we had to spend a lot of time objecting to Crouchlands for their environmental damage, LARGE amount of lorries on our small local roads/lanes, only to then have this application appear shortly after the closing of Crouchlands. Which still needs environmental resolving. The environmental impact of HGV's their noise, damage to small unsuitable local roads is something I have great concerns over from this proposal. Obviously I have enormous concerns for the physical damage to the woodland, and noise damage to Pallinghurst Wood and surrounding areas. I see footpath moving/closing/fencing measures are proposed. Again I have concerns for the environment and impact on our local and wider community who enjoy our local woodland and countryside. I have concerns for the mental health of all local residents directly affected by machineries noise, HGV's. I have concerns over the direct impact on the wildlife in the woodlands. One example is the local deer which are timid, and I'm sure will be driven out by the constant noise and disruption, and fences blocking their mobility in the woods. With the ever increasing volume of housing in the local area also pushing infrastructure to its limits and beyond, 33years of HGV's is further going to put pressures on infrastructure which is already inadequate. Please consider my objections when considering this application.</p> <p>Kind regards Marie Izzard</p>
